

June 20, 2007

VR Construction
4168 Redan Road
Stone Mountain, GA 30083

To Whom It May Concern:

Pharr Engineering, Inc. has recently worked with Mr. Anthony Rogers of VR Construction on a project in the City of Atlanta. In our experience with Mr. Rogers, we have found him to be proficient and knowledgeable in the field of utility installation. Mr. Rogers demonstrated a professional demeanor and a willingness and ability to adapt to unforeseen field conditions.

Based on our experience with VR Construction, we would recommend them for consideration on future site work construction projects.

If you have any questions, please don't hesitate to contact us.

Sincerely,

Pharr Engineering

Les H. White, P. E.
